Facebook retains the author, but NOT the recipient(s), of individual messages for Messenger threads. Facebook also retains the following information for Messenger threads:

- (1) Current Thread Participants – a list of all accounts subscribed to a thread at the time Facebook retrieved the records;
- (2) Past Thread Participants – a list of all accounts previously (but not currently) subscribed to a thread at any time before the records were retrieved; and
- (3) Subscription Event – a log of an account subscribing to (joining) or unsubscribing from (leaving) a thread during the date range covered by the production. *Subscription events that fall outside of the date range covered by the production are not included.*

Facebook retains the author, but NOT the recipient(s), of individual messages for Messenger threads. Facebook also retains the following information for Messenger threads:

- (1) Current Thread Participants – a list of all accounts subscribed to a thread at the time Facebook retrieved the records;
- (2) Past Thread Participants – a list of all accounts previously (but not currently) subscribed to a thread at any time before the records were retrieved; and
- (3) Subscription Event – a log of an account subscribing to (joining) or unsubscribing from (leaving) a thread during the date range covered by the production. *Subscription events that fall outside of the date range covered by the production are not included.*
